## EXPERIENCE

---

### UI/UX Designer

May 2024 – June 2025

#### ECO Bank

- Conducted user research to identify pain points and user needs around fleet and staff bus bookings.
- Developed user personas, journey maps, and task flows to guide design decisions.
- Created wireframes, interactive prototypes, and high-fidelity UI designs using Figma.
- Collaborated cross-functionally with developers, project managers, and stakeholders to ensure seamless implementation.
- Prioritized intuitive navigation and responsive design to deliver a smooth user experience across devices.
- Iteratively tested and refined designs based on user feedback and usability testing.
- Contributed to improving staff transportation efficiency and satisfaction within the organization.

**Freelance****September 2022 till date****UI/UX Designer**

- Engaged in design sprints and workshops to optimize and make improvements on already existing products for clients.
- I inculcated enterprise design thinking strategies, conducted user research, prototyped and led the design of an upcoming wellness and fitness app called WINFIT.
- I Devised strategic roadmaps, personas, user journeys and research for an ongoing project management web project.
- I redesigned the landing pages for a fashion website called Avalanche by conceptualizing design principles. I also conducted user research and gathered enough insights and feedback after the project was published.

**Zuri Team****April 2022 – September 2022****Product Design - Internship**

- Created comprehensive designs for web-based and app-based products for a SAAS company ( Plan with Will) by enhancing their digital experiences and optimizing design quality.
- Crafted an industry leading app based design for the Nigerian Railway Station with data and insight based design systems by conceptualizing innovative updates and features ( Flows, IA, sketches, prototypes).
- Conducted UX research and Usability testing for the Nigerian Railway Website to uncover the areas where users had issues using the product and prioritized the parts that need improvements from findings.

**Urban Shelter Limited****April 2021 – March 2022****NYSC (ARCHITECTURE)**

- Managing the quality of work and budget costs
- Communicating the progress of work to the lead architect and supervisors.
- Creating architectural plans, designs, schedules for contractors and laborer's
- Adhering to both budgetary and site constraints and providing solutions to problems encountered
- Constant supervision and inspection of all buildings

**Dantata and Sawoe****April 2018–Aug 2018****Architectural/ Design Intern**

- Maintaining project files and conducting research on zoning laws
- Assisting the lead architect on site and supervising ongoing building works
- Preparing architectural plans and preparations for clients and engaging in active site work e.g., Setting out
- Facility management and preparing minutes for meetings
